The biggest 80's weekend since...

the 80's

Just when you thought it was safe to go Back in the park
80's in the park returns
With 80's in the park part two
"The rise of pop"

80's in the Park is a three day celebration of everything 80's. From popular bands of the decade to iconic movie & TV cars. The event will offer something for everyone.

The top 40 hits of your decade will fill the air performed by the original artists while you play vintage arcade games like Ms. Pacman and Space invaders. Other surprise 80's acts live all afternoon.

Great tribute bands like the Blues Brothers and Billy Joel, will rock the afternoon away and our ambassador of the 80's - DJ K.W. will keep the show rolling as the weekends Master of Ceremonies

Dance with 80's look a likes, shop for t-shirts, hats, handmade jewelry and memorabilia at one of over 40 vendors at the event and maybe even enter the classic Nintendo game contest and help Mario in his quest.

Then when the sun goes down sit under the stars enjoying food from some of Brevard's finest restaurants while listen to iconic rock, metal and pop artiest of the 80's and relive those memories of great 80's music.

It will be a weekend of memories both old and new!
